OBJECTIVE

A passionate Computer Science graduate with a strong interest in building smart, practical solutions through technology. I bring hands-on Internship experience in software development, automation, and data handling, along with a solid foundation in programming and system design. I'm looking for an opportunity where I can grow, contribute to real-world projects, and be part of a team that values innovation and continuous learning.

SKILLS

Languages	Python
Web Technologies	HTML, CSS, Bootstrap
Database	SQLite, Dataverse, Sharepoint
Microsoft Power Platform	Power BI, Power Apps, Power Automate
Tools and Platforms	Wordpress, Visual Studio, Git, GitHub, Figma, Canva
Soft Skills	Communication, Problem Solving, Adaptability, Team Management

EXPERIENCE

Machine Minds Technologies – Power Platform Intern

September 2025 – December 2025

Roles and Responsibilities

- Designed and developed interactive Power BI dashboards to visualize business data and support decision-making.
- Connected data sources and performed data transformation using Power Query for accurate reporting.
- Created DAX measures to calculate key metrics and present meaningful insights through reports.
- Worked on multiple dashboard modules across different business segments as assigned by the team.
- Delivered clean and visually appealing reports by following company design standards and requirements.

Sreeman Solutions – Power Platform Intern

January 2025 – July 2025

Roles and Responsibilities

- Developed low-code applications using Canvas and Model-Driven Power Apps to enhance business process efficiency.
- Assisted in designing and implementing automated workflows with Power Automate Cloud, reducing manual tasks by over 30%.
- Managed and optimized data storage and security using Dataverse, ensuring reliable and scalable application performance.
- Customized app functionality with Power Fx formulas to improve user experience and operational workflows.
- Collaborated with cross-functional teams to gather requirements, support testing, and deliver scalable low-code solutions aligned with business goals.
- Participated in weekly Agile sprints and proactively troubleshoot application issues to enhance performance and stability throughout the development lifecycle.

PROJECTS

1. Document Management System Dashboard

- Developed a comprehensive Power BI dashboard tracking documents, approvals, active users, and storage usage with dynamic filters for Department, Owner, and Document Type.
- Visualized key insights through pie charts, line trends, and donut charts covering document status, category-wise storage, and document visibility across the platform.
- Monitored user engagement by tracking views, comments, likes, top contributors, and recently revised documents to support data-driven decisions.

2. Employee Onboarding System

- Built a Canvas App to manage employee onboarding tasks, checklists, and document submissions.
- Automated notifications, approvals, and welcome emails via Power Automate cloud flows.
- Eliminated manual tracking by integrating SharePoint lists with the app.

EDUCATION

Aizza College of Engineering and Technology	2022 – 2025
Bachelor Of Technology in Computer Science	Grade: 7.09 CGPA
Vivekananda College of Polytechnic Mancherial	2017 – 2021
Diploma in Mechanical Engineering	Grade: 6.2 CGPA
Dr.Radhakrishnan Secondary High School	2017
Secondary School Certificate	Grade: 7.0 CGPA

CERTIFICATIONS

Power Platform Internship Certificate – Machine Minds Technologies, Sreeman Solutions

SQLite Database – Nextwave

PGDCA

ACHIEVEMENTS

- Recognized as “Top Intern” at Sreeman Solutions for the Employee Onboarding System project.
- Won 1st Prize in a college-level quiz competition on general technology and innovation.

LANGUAGES AND INTERESTS

- **Languages:** English, Hindi, Telugu
- **Interests:** I enjoy learning about new technologies and improving my programming and problem-solving skills. I like exploring topics like Artificial Intelligence, system design, and data handling. I also enjoy reading about new tech trends and trying out tools that help me grow as a developer.

DECLARATION

I hereby declare that the information provided above is true to the best of my knowledge and belief.
